

MK Martin, LCSW

Licensed Clinical Social Worker

MK joined the CPS team in 2017. She earned her Master's degree in Social work from University of Georgia in 2012. Her clinical experience includes working in in-patient psychiatric facilities, a residential treatment facility for women suffering from chemical dependency, a homeless shelter performing case management duties, senior services performing in home assessments and refugee resettlement. Her clinical specialties include substance use and recovery, trauma, anxiety and women's issues. She approaches therapy from a holistic perspective by integrating the mind, body and spirit into the healing process by utilizing modalities such as mindfulness, wellness and trauma sensitive yoga. In her free time, she enjoys practicing yoga, traveling, eating new cuisine, listening to music, reading, spending time with friends and family, watching movies and playing with dogs.
